# **SEQUOIA AMATEUR RADIO GROUP FIELD DAY**

**This year we are trying a new location. It is called Thompson Camp Spring. We are trying this area to make visitation by the public and other club members easier and eliminate travel on bumpy dirt roads. We will begin arriving on Friday June 27 (maybe Thursday June 26) and be ready to go at 11AM on the first day of Field Day.**

## **Directions:**

**From the Lake Isabella area travel Mt. 99 north from Kernville to Johnsondale. At Johnsondale bear left on Mt. 50 and go approximately 3 miles up hill to Forest Service Road 23S02 and turn left. Thompson Camp Spring is about 1 mile on the right. All roads are paved until you reach the camp.  
GPS: 35°57'36.11"N / 118°34'17.40"W**
